

# CZAR MAKES PLEA FOR PEACE TO THE NEW PARLIAMENT

In Speech from Throne in Opening Session He Asks Support.

ST. PETERSBURG, May 10.—Emperor Nicholas opened the Douma today with all the ancient ceremony promised for the event, so momentous to the Russian people.

The Emperor's reception passed off without any untoward incident.

The tone of the speech from the throne was conciliatory. It expressed the Emperor's wish that relief be given to the peasants in their present unfortunate conditions, and called on the members of Parliament to put their hearts into their work and to co-operate with him in solving the present problems of Russia and in handing down a just and prosperous empire to his successor.

An ideal May day, like a happy augury, greeted the uprising of the curtain for the new act of the great historical drama, Russia's struggle for liberty. Never did the showy northern capital of Peter the Great present a more brilliant picture than for the inauguration of the Russian Parliament.

**Feared Bloodshed.**

The banks, stores, schools and some of the factories were closed in honor of the occasion, but there was no general holiday. The government specifically discouraging a suspension of work in the industrial districts owing to fear that crowding the workmen into the center of the city might provoke collisions, disorders and perhaps bloodshed.

The city might have been in a state of siege, so heavy was the array of troops. Like all great, State functions in Russia, the ceremony began with religious services. At 10 o'clock in the morning the whole city reverberated with bells and came from St. Petersburg's myriad of cathedrals, churches and temples, summoning the people to thanksgiving.

**The Czar Arrives.**

While the bells were still ringing the imperial yacht Alexandra, with the Russian standard at the river, moved majestically up the river, dipping her flag in answer to the salutes and cheers from the Emperor's warships lying at the Baltic Works. Instead of proceeding to the Winter Palace the yacht stopped at the landing stage of the English Quay, below the Nicholas Bridge and in front of the Leaning Tower Palace, formerly the American Embassy, where the Emperor, the Empress and the Dowager Empress entered a launch, and, attended by a launch on each side, moved on up the river. Without halting at the Winter Palace

the launches crossed the river and the royal party landed under the grim walls of the St. Peter and St. Paul Fortress, which, situated by the Imperial Water Terrace, driving hurriedly to the immense Cathedral inside the walls, where repose the remains of the Romanoffs.

There, before the tombs of the Czars' ancestors, the imperial family knelt for twenty minutes, made their devotions and asked for the blessing and guidance of the Almighty. They returned to the Terrace and reentered the launch, the faint echo of a cheer swept up the Neva. The imperial launch immediately crossed the river and entered the Winter Palace from the quay entrance. For the first time since the ceremony of blessing the waters, Jan. 19, 1905, when the Emperor crossed from the quay entrance, the launch from a gun of the sailing battery on the opposite bank of the river. Their Majesties were back in the Russian capital.

A little more than two hours later vast hosts of military and civil dignitaries began arriving at the Winter Palace to listen to the Emperor's message to the representatives of the people.

**Cheers for the Czar.**

The ceremony of opening Parliament was rather protracted. The Emperor and the Empress, after leaving the Palace, entered a launch, passed down the river, boarded the imperial yacht Alexandra, and returned to the Winter Palace. The crowds on the banks of the river and islands heartily cheered the imperial family.

There was no other incident.

**READ ROBERT BARR'S GREAT STORY.**

"The Rock in the Baltic," in next Sunday's World. Thrilling, vivid, romantic. Written for the Sunday World and hitherto unpublished. First of a series of twelve new stories by twelve famous authors.

**LAMBS' CLUB CLERK HELD.**

Jacob P. Biermeister, charged with robbing the Lambs' Club of \$125, was arraigned before Magistrate Walker in the Central Criminal Court, today. His counsel waived examination and he was held in \$5,000 bail.

He was a clerk in the Lambs' Club and is accused of stealing the money from the safe.

**BOTH FOOD AND MEDICINE.**

We like best to call Scott's Emulsion a food-medicine.

It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

SCOTT & BOWNE, 409 Pearl St., New York

**Children's Shoes.**

We thoroughly understand the peculiar requirements of children's feet, and our long experience in shoe construction provides a proper shape and fit for every child.

Orthopedic Shoes, Arch Prop Shoes, Protection Sole Shoes, Barefoot Sandals, Toward Good Sense Shoes.

Also a large assortment of Tans and Blacks, and White Canvas Shoes.

# THE KING OF BLOOD PURIFIERS

No other remedy has given such perfect satisfaction as a blood purifier and tonic or is so reliable in the cure of blood diseases of every character as S. S. S. It is known as "The King of Blood Purifiers," and the secret of its success and its right to this title is because "IT CURES DISEASE." It is an honest medicine, made entirely of purifying, healing roots, herbs and barks, which are acknowledged to be specifics for diseases arising from an impure or poisoned condition of the blood and possessing tonic properties that act gently and admirably in the up-building of a run-down, system.

One of the greatest points in favor of S. S. S. is that it is the only blood remedy on the market which does not contain a mineral ingredient of some kind to derange or damage the system. It is the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family, and persons who have allowed their systems to get in such condition that most medicines are repulsive to the stomach will find that S. S. S., while thorough, is gentle and pleasant in its action, and has none of the nauseating effects of the different mineral mixtures offered as blood purifiers.

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs and poisons. So long as it remains uncontaminated we are fortified against disease, and health is assured; but any impurity, humor or poison acts injuriously on the system and affects the general health. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison etc., are all deep-seated blood disorders that continue to grow worse as long as the poison is allowed to remain.

But all blood diseases are not acquired; some persons are born with an hereditary taint in the blood and we see this great affliction manifested in many ways. The skin has a waxy, pallid appearance, the eyes are often weak, glands of the neck enlarged, and as the taint has been in the blood since birth the entire health is usually affected. In all blood troubles S. S. S. has proved itself a perfect remedy and has well earned the title of "KING OF BLOOD PURIFIERS." It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and supplies it with the healthful properties it needs and establishes the foundation for good health. As a tonic this great medicine has no equal, and it will be found especially bracing to weak, anaemic persons. Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles are cured permanently by S. S. S., and so thorough is the cleansing of the blood that no trace of the disease is left to break out in future years or to be transmitted to offspring. If you are in need of a blood purifier get "THE KING" of them all, S. S. S.—and good results are assured. Book on the blood and any medical advice desired furnished without charge to all who write.

Gentlemen—S. S. S. is used as a family medicine in our home. I myself have taken and always found it what it is claimed to be. It thoroughly cleanses the system of impurities, increases the appetite, improves the digestion, and builds up the general health. I have given it to my children with fine results. It promptly restores the appetite and clears the skin of all eruptions. It is a very fine blood tonic and has my hearty endorsement.

124 S. 9th St., Lebanon, Pa. P. H. THOMPSON.
